

EE/CPE 424

Spring 2003

WEEKLY STATUS REPORT

Group: **12** Date: **February 16, 2003** Report No.: **5**

Project Title: **Redesign of the Stevens Campus Network**

Group Leader: **Grace Shabo** Advisor: **Prof. Sumit Ghosh**

Sponsor / Client: **none officially, but design is for the Stevens network**

Number of hours spent by group on project in the past week: **~9 hours**

Project on Schedule: **YES**

Weekly status:

This week, we built the load balancing server for the simulation. This server takes in connections and distributes them to the servers behind it. It was built using FreeBSD and an IP filter with round-robin load balancing.

This week we are going to try to round up as many computers as we can for the simulation.

The website is updated weekly as well.
