

EE/CpE 415/423 – 416/424
2002 Fall – 2003 Spring
WEEKLY STATUS REPORT

Group No.: 15

Date: November 25, 2002

Report No.: 10

Project Title: Real-time Wireless Sensor Network – Signal Analysis for Security Applications

Group Leader: Mark Woolley

Advisor: Prof. Tureli

Sponsor/Client:

Number of Hours Spent on Project by Group in Past Week: 20

Project on Schedule: YES

This week we focused our group work on our E 421 presentation. We completed the SEED model and started on our slides for our presentation next Thursday. We also finished our parts list and ordered parts for our transmitting side. Once we can set up and make sure that the transmitting side works, we will then go onto ordering our receiving side.
