Number of Hours Spent on Project by Group in Past Week: 5

Project on Schedule: YES NO _____

Weekly Status:

- We have started the programming for our barcode software once more, we have begun discussing which type of standard to use. There are many types of standards that are in use and we are finding out if we can find the formula to create the barcode.
- We also have discussed different security issues, and we believe the best way to secure the connection is to have pin access and use some type of encryption.
- Our meeting with Prof. Yao is this Tuesday where we will discuss about different project ideas, and any other concerns.
