- We are still currently have may problems with linking, and also implementing the communications side. We are trying to find alternate solutions for this, or else our project my be in deep trouble.
- We are also working on updating our website, to include the new data that we have collected.
- I have also set up an account to participate in the BREW forums, so we can ask for assistance in several programming guidelines. We have tried numerous techniques and have learned how difficult it is to implement our idea.
- We have got the image to display on the screen , but communicating with the server has given us a lot of problems
