Weekly Status:

- We have been working on our Interim report and have completed it couple of days ago
- I asked all the members to provide a summary tasks list to make sure everyone is on track.
 - So far everything seems to be on schedule
- As mentioned on last progress report we are still having massive trouble linking the code in the compiler.
- We will be meeting with Prof. Yao to discuss the progress we have accomplished and the ongoing problems of minor bugs and issues
- We have also started the testing of the Stevens parking trak code.
- This week we hope to solve the linking problem and beginning testing the Cell card code
