**Project Title:**

Autonomous Advertising Robot

**Group Leader:** Chris Burke      **Advisor:** Hong Man

**Sponsor/Client:** My Way Wireless, Hoboken

**Number of Hours Spent on Project by Group in Past Week:** 20

**Project on Schedule:**      YES X      NO \_\_\_\_\_

**Weekly Status:**

This week we researched, designed and tested a port-forwarding computer. The job of this entity is to bypass the firewall at My Way Wireless and forward http requests to the web server that will be contained in the robot.

We also spend some time on preparing documents for the Engineering Economics class that had to be completed.
