Number of Hours Spent on Project by Group in Past Week: 35 man hours

Project on Schedule: Yes

Weekly Status:

We have made a lot of good progress over the past week towards advancing the project. Tom and Chester have done a lot of work on their own to create a proposal with Prof. Man and Prof. Tewks to create a networking lab that would be extremely useful for our project prototypes next semester. Mary and Karen have also begun development of the web page, and I am working to obtain a copy of Adobe PDF writer. We have also completed the economic analysis required of the project from the E421 class which will give weight to our case for the school to actually look into replacing the current phone system with Voice over IP technology.
