

EE/CpE 415/423 – 416/424
2001 Fall – 2002 Spring
WEEKLY STATUS REPORT

Group No. : 9

Date: 04/21/03

Report No. : 25

Project Title: Missile Course Deviation

Group Leader: Zhanna Lasun

Advisor: Professor Sumit Ghosh

Sponsor/Client: _____

Number of Hours Spent on Project by Group in Past Week: 50

Project on Schedule: Yes

Ana and Luis have been working on the latest program they found to simulate the EMP effects.

Zhanna and Maile are finishing up animation. The parts have been developed and motion code has been developed separately. We are putting everything together this week.

We have also been working on drafting the final report and determining parts of our project to include in the poster presentation.
