**Weekly status:**

The group met as usual this week to discuss progress on the deliverables. October 18<sup>th</sup> is our first major hurdle that we are preparing for. Individual hours are going to be more critical in keeping the project on time. Sections of the Project Proposal are divided among the group for completion and review.

The group failed to meet with our advisor this week due to scheduling constraints. We will endeavor to eliminate this occurrence in the future.

**Weekly report is due to Senior Design Coordinator and TA by Noon Monday. Email submission is greatly preferred - submit using WebCT, email to sd@koala.ece.stevens-tech.edu or individual emails. Copy should be sent to advisor**
